

Universal Energy Clearing

Quantum Activated Codes (QAC)

Everything in the universe is fundamentally composed of energy that vibrates at a certain frequency to create a resonance. This resonance is signalling the environment and witness the blueprint DNA and tone to create an overall alignment and balance entire systems.

We can imprint, capture and potentize specifically targeted resonance energies, frequencies, vibrations, rates, tones, fractals, octaves and 'intent' into a physical natural organic silica-based crystal substrate which we call Quantum Activated Codes (QACs). These QACs will then hold the 'blueprint' for which they are created for. They can easily be added together to create a stronger and quicker result. For example, *Body Field Alignment*, *Personal Power Set*, *Soil Balance*, *Desire To Heal*, and all others can easily be broadcasted onto the farm, animals and humans.

Any QAC/QACs can then be added into your Radionics input well for a direct broadcast and/or copied into another medium (water, sugar pills, silica crystal etc.).

They are also used on the Quantum Broadcasters with our Universal Energy Tesla Coil as free-standing resonance broadcasters. QACs can save you time researching the appropriate rates and inputs for an issue, reduce broadcast time, and they will not lose their effectiveness over time.

Customized QACs can be made up for any weeds, pests and disease issues. These are best made for each individual to capture the unique imprint of the place and concern.

All our QACs are working on energetic bodies.

Individual Quantum Activation Codes

Align Energy After a balance, this QAC will harmonize and align all subtle changes. Completely integrates, activates and manifests changes and attunements with the broadcast. The broadcast will be closed, activated and the energy field stabilized. The energy field cannot be distorted or corrupted.

Attract Rain This QAC sets up the environment to attract rain. It forcefully and continuously breaks any cords that draw unhealthy amounts of life force to the environment. Farms, plants, and animals will receive the right amount of water. Organizing patterns for the rain to move in and be released. Balancing all attractor energy fields to communicate in the same frequency to bring rain consciously to the farm or property.

Body Fields Alignment – Set of 2 QACs The Body Fields Alignment QACs balance the overall way the body is aligned with the magnetic, gravitational and spin of the Earth's energetic field. It is

designed to balance the Earth's ever-shifting polar magnetic field, geopathic stress, paramagnetism and other magnetic fields resonating with the living body.

Boomerang – Set of 2 QACs Since 2021, the energetic attacks towards businesses, people, projects, and relationships have increased quite a bit now with a higher intensity than ever before. This QAC will stop any manipulation, hexes, curses, spells, and any other detrimental influences.

1. It separates the Electro Magnetic component from the scalar component and then clears and neutralizes the scalar component leaving pure energy
2. This cleared pure energy is then used and absorbed by the recipient
3. The balance is returned to the sender for their learning

Cells Energizer This QAC is used before any work is done. If needed, it is used to energize cells in animals, humans, soil, plants, and all living things. Increase and align cells to receive, accept and hold broadcasts. Harmonize, restore, and align conscious, subconscious and superconscious so that all signals to cells are clear and established and to restore complete structural and functional integrity to all cells on an energetic level.

Cells Matrix After cells are energized, it will harmonize and restore complete communication, structural and functional, to all cells. It will ensure communication between all cells, living and dead cells, are established and will improve communication between cells in all living things and tissue.

NEW: C C H The first C stands for the 'artwork' that is getting sprayed into our skies. The 2nd C is for what is under Geneva and spins and H stands for High-frequency Active Auroral Research Program (HAARP). These are all research projects. This QAC is designed to protect your energetic body from this research, balance and harmonize the environment.

Chill Encourages a calm mental state and the release of emotional and sensory issues. May be helpful when suffering from constant, long-term stress and feeling overwhelmed.

NEW: Cloak As the name says, it intentionally conceals. Any projects, recipes, businesses, people etc. can be cloaked so that nobody has access to any information past, present and future. When broadcasted the project does not have any resonance in the field with anybody or anything.

Desire To Heal This QAC is designed to bring align the witness with the openness and acceptance to heal. If conscious and subconscious in animals, sentient beings and any living tissues that are not aligned to accept and receive the broadcast and have a lack of desire to 'want to be healed' will be aligned in order to receive the energetic shift.

Emotional Stress This QAC is designed to calm and relieve general day-to-day stress in humans and animals. Since stress can compromise nutrient absorption, reduces consciousness, and can cause physical issues, this QAC is designed to energetically calm the effect on sentient beings.

Energy Protector and Stabilizer This homeopathic QAC is used after a house, property or personal clearing is done. After the clearing, when any and all detrimental energies are removed and cleared, this QAC is programmed to hold and stabilise the energy of the cleared space in the house or property, animals, humans, soil and plants and all living things. It establishes an energetic protection field around the entire property and house for everybody in this space. It's also designed to keep the new energy flowing for the benefit of all and detriment of none.

Fear This QAC reduces fear and replaces it with a calm sense of awareness. Fear is one of the most primal human emotions and has both a physiological and emotional response. It's also complex and varies from person to person. During my work this is one of the most used QAC's for animals, humans, and the environment.

NEW: Fenbendazole (2 Vials) Fenbendazole is designed as an antiparasitic. It messes with the parasites' ability to absorb nutrients, which basically starves and removes them. This one is an energetic imprint and works well potentized into sugar pills or water.

Loving yourself is the first step toward wellness, and the issue could be guilt or feeling inadequate. This is one of the important reagents to be used for you, your family and also animals. A great tool to be used for general balance as well.

I Love My Body Transmutes any and all negative energies and thoughts towards your body. Your body is not just a physical matter. If you can love and accept your body, detrimental energy cannot manifest through the auric field and chakras into a physical issue. Love the way your body is designed.

Immune System Increase & Stabilize The immune system defends the body from infection. It is made up of a complex network of cells, chemicals, tissues, and organs. An underactive or overactive immune system can cause health issues. Especially in these times after the c virus, it is important to energetically support, stabilize the immune system and be protected as best as we can from these outside influences.

Liquid Luck Great to also potentize into water and drink it in conjunction with using it in the radionics instrument and Quantum Broadcaster. 'I'm happy', 'I'm grateful', 'I'm abundant', 'I'm compassionate', 'I'm love', and 'I'm lucky' will show in your energetic body. Your energetic body and every cell in your body will resonate with these intentions.

NEW: Lower Astral The Lower Astral Plane, also called the lower 4th Dimension, is a nonphysical dense, low-vibrational layer of existence, teeming with intense emotions, earthly attachments, and thoughtforms, seen as a place where negative energies, fears, and lower desires manifest. Dark entities, vampires, gargoyles reside in this dimension. Psychic energy attacks can weaken your energy field. Shame, anger, blame, fear et al all connects to this lower dimension which is looking for loosh. This QAC will keep your energy strong and does not allow any of these interfaces to come through or attach in your field especially during meditation and sleep.

Lyme Energetically supports the energy body to work on any and all Lyme related issues.

Multi-Dimensional Clearing In the Quantum Matrix time and space do not exist as we think. Both beneficial and detrimental events can still resonate in the past, present, future and in all time and dimensions. Some of these manmade installations like Mobile and Gwen Towers, EMF transmitters are broadcasting 24 hours a day, others like H...A ..R....P and other installations are turned on and off. People feel these effects in symptoms like headaches, brain fog, angry, burning inside etc. These QACs are either used all together or individually to reduce the impact of these manmade influences. Can be broadcasted using radionics or the Quantum Broadcaster. Also very beneficial to carry them close to you – fill them individually into small vials and hand them around the neck (good for travel) and in the pocket. Do not mix them together.

Pause Set of 2 QACs When you are stuck in pause due to past fear, rage, anger etc. the system cannot work towards a healthy autonomic natural nervous system. Parasympathetic and sympathetic nervous systems are not working in balance and coordination. The self-induced pause can be due to a subconscious belief of a lack of safety. For example, when the cat chases a mouse and has it under the paw after the cat lets go, the system needs to come back from this stage. Pause governs behind the parasympathetic and sympathetic nervous systems and needs to be energetically balanced first before you can build and increase the overall energetic system. 2 Vials Pause 1 and Pause 2.

Personal and Spiritual Healing (P & S Healing) This program includes spiritual and personal accelerated healing on many levels. Used in a different way on humans, animals, farms, and plants. Remove Reset DNA Set of 2 QACs These 2 QAC's are used in the Mono Atomic State Reset Program. Used for Step 3 and 4 where we clear all resonances and energetically reset the system before the event. For QAC putting all atoms into mono atomic state and Remove Reset DNA 1 and DNA 2 our clearing protocol is necessary to perform all steps according. Can be use on the Quantum Broadcaster and also radionically.

Restore and Activate DNA Your DNA contains your original, unaltered genetic pattern for your optimal genetic potential. Your DNA currently reflects all the changes and is expressed in your genes that make up the blueprint for your body. When we resonate with the blueprint DNA, the system will start resetting energetically itself to the original atom, and physical changes can occur.

This QAC covers the tropical brown dog tick (Set of 2), paralysis tick (Set of 2) and cattle tick (Set of 2). Total 6 QAC.

Seal This seals and locks any QAC and reagent that you have so that no other programs or energy can modify the item. Used after all the programs and imprints are finished. Can only be unsealed by use of the Unseal QAC (see below).

Unseal This QAC is used to unseal and unlock or clear most solids, crystals, water, sugar pills, gems, and jewelry. If a QAC or other item is sealed and you want to add a program to it, just run the Unseal program once, and it will unseal without erasing the existing imprints. To clear and erase everything, just run the program twice.

Water clearing people Your body is made from around 70% water. Water has one of the best memory conductors to imprint and hold energy/information. Every thought, emotion, event etc. (inside or outside) can be energetically stored in your water body as well and over time, when not cleared out, can bring these unwanted memories subtly back up. It will also not allow new information to come in, as almost the storage space is full. This QAC will clear any non-beneficial memories and defragments the water to make space for new beneficial energetic information to come in.

3-Kings Developed by Hugo Erbe, a German biodynamic farmer, to be used as offerings to the elemental kingdom. The kingdom work to release the forces that enable a plant to root, sprout, grow, blossom, and protect against the activities of opposing forces and as an expression of gratitude to the elemental beings. Ancient mystery wisdom has always held these three substances, Gold, Frankincense and Myrrh, as symbols of awareness for the spiritual events taking place behind the outer physical phenomena. This QAC serves as an energetic gift to the earth and to the elemental world as well as a protection for you, your family, farm, house and property.

When this energetic blueprint is moving too much away from its origin, we can experience symptoms like chronic pain or fatigue, physical blockages, and experience on/off pain in the body. Some of these underlying issues are not visible and cannot be felt immediately.

These QACs are designed to reset your energetic system to the original blueprint. The change is made in the energetic field, which will bring changes to the physical structure in humans, animals, plants, and all living beings.

The Blueprint Reset and Boost Set has 7 QAC's. Best to check which QAC or QACs from this set needs to be used first. They can be also combined if needed.

Emotional Release Set (5 QACs) - \$225

When working with this set, you are releasing deep-seated emotions, drama and trauma. Typically, these are the thoughts, feelings, emotions and challenges that are so overwhelming in life, that we tend to shove them away. They won't go away until you process them. Processing causes unhappy feelings to surface and once again and who wants to deal with past pain? The repetitive cycle eventually causes us physical body difficulties, illness, disease, etc., and the root cause often can be found in the issues that have been buried long ago. Energetically processing these issues brings good benefits.

You decide what emotions are holding you back from your own empowerment and we work together to release them once and for all. Energy cords are cut! Forgiveness is granted, and unconditional Love is embraced!

The Emotional Release Set has 5 QACs. It's best to check which QAC or QACs from this set needs to be used first. They can be also combined if needed.

Chakra Sets (4 QACs) - \$200

The chakras are the main energy centers of the energetic body, that is what the narrative is out there. Most people only think about seven major chakras without considering the Earth Star Chakra. You've probably heard people talk about "unblocking" their chakras, which refers to the idea that when all of our chakras are open, energy can run through them freely, and harmony exists between the body, mind, and spirit. Chakra translates to "wheel" in Sanskrit, and you can imagine them like wheels of free-flowing positive energy.

Chakras are not just looked at from the front, rather they turn like a wheel, and they can be found and measured in the front and back. Nothing in this universe is a single polarity, that is why the traditional teachings starting from the root chakra and only going up is missing one of the most important chakras which is the root chakra, who brings in the polarity below.

During my work we discovered 13 major chakras and quite a variety of other smaller chakras, energy centers in and around the body. When we balanced the 4 most connected ones, they will then clear, align, balance, harmonize and rest all the chakras – major and smaller ones. A quick and easy rest of the entire chakra system. Balance them all together.

Earth Star Chakra This chakra is fundamental to our chakra system and is positioned around 30cm beneath our feet. This chakra is our energetic tether, attaching us firmly to Earth's energies and holds and pulls in information. It is this connection that keeps us from feeling disconnected or unbalanced. It is the starting point from energies flows in, keeps us rooted, promoting balance and preventing us from feeling lost or overwhelmed by the complexities of life or spiritual growth. It ties us securely to our planet. Its influence on our energy system is critical in maintaining our overall balance and ensuring that we are energetically aligned with the Earth.

Heart Chakra is the bridge between the lower chakras (associated with materiality) and the upper chakras (associated with spirituality). As the name suggests, this chakra can influence our ability to give and receive love—from others and ourselves. Someone with a blocked heart chakra will have difficulty fully opening up to the people in their life. If someone's heart is open, they can experience deep compassion and empathy.

Higher Self Chakra Located approximately 15-20cm above the crown of the head and starts with the expansion of consciousness beyond the physical body. Connecting our minds to the cosmic wisdom of other galaxies. And obtain information from galactic sources.

Soul Star Chakra Located approximately 45-50cm above the crown of the head and sometimes also called the Stellar Gateway chakra, is one of the higher or transcendental chakras. This chakra is the gateway to the cosmos. It serves as a bridge between all the chakras, spiritual essence, and the universe. It is a connection point to the source and higher realms. It is a high-frequency light that builds profound spiritual connections, facilitating access to higher realms of knowledge and wisdom.
